Tony Blair is a sociopath who led my country into the most disastrous war in recent history.

A war that led to a ruined country, a destabilized continent, around 1 million dead & the rise of ISIS.

Why on earth is anyone still listening to him?

LOL

> Paul Joseph Watson
> Forwarded from John M
> At church this morning people who never come to church arrived with their newly delivered pet Ukranian refugees in tow. Actual real ones, surprisingly. Two white women.
>
> Far more than is normal, the church reeked of sanctimony and confected compassion as a result. As you can imagine the prayers of intercession were unctuous and insufferable.
>
> The two women reminded me of the Ukranian girls in Derry Girls, Miserable, taciturn, unimpressed, ungrateful.
>
> However, God, who was clearly fed up with this appalling show of cod virtue, intervened. At coffee afterwards one of the Ukranians said that the war need never have started and that Zelensky was a cocaine addict and a crook. The second Ukranian piped up and offered that the war was caused by the EU and that Zelensky should have surrendered on day one. I have never seen such crestfallen faces since the Brexit vote was announced.
>
> Asked how they escaped they said without hesitation "The Russians got us out".
>
> To add insult to injury, a few more MSM myths were put to sleep and a sombre and deflated congregation was left somewhat bereft. Thanks be to God. It was wonderful to behold His works at hand.

A lot of people in my replies seem to think a healthy democracy is when huge portions of the electorate are perpetually forced to vote for the lesser of two evils without having legitimate representation at the top for leftwing economic views

A war that led to a ruined country, a destabilized continent, around 1 million dead & the rise of ISIS.

Why on earth is anyone still listening to him?

Forget 'support Ukraine', many people can't afford to support their own families because of soaring energy/food prices caused by the sanctions.

Keep displaying your little flag, though.

Martin Luther Cream seems upset about the Elon Musk purchasing Twitter news.

At its root, [illegible] wanting to purchase Twitter is not about left vs right

It's about white power

The man was raised in Apartheid by a white nationalist

He's upset that Twitter won't allow white nationalists to target/harass

A war that led to a ruined country, a destabilized continent, around 1 million dead & the rise of ISIS.

Tony Blair is a sociopath who led my country into the most disastrous war in recent history.

A war that led to a ruined country, a destabilized continent, around 1 million dead & the rise of ISIS.

Why on earth is anyone still listening to him?

A war that led to a ruined country, a destabilized continent, around 1 million dead & the rise of ISIS.

Tony Blair is a sociopath who led my country into the most disastrous war in recent history.

A war that led to a ruined country, a destabilized continent, around 1 million dead & the rise of ISIS.

Why on earth is anyone still listening to him?

Tony Blair is a sociopath who led my country into the most disastrous war in recent history.

A war that led to a ruined country, a destabilized continent, around 1 million dead & the rise of ISIS.

Why on earth is anyone still listening to him?

Seth Rogen's new show Santa Inc. portrays Father Christmas as a bigoted, cynical fraud who weaponizes his white privilege to uphold the patriarchy.

When the show received dreadful reviews, Rogen had a meltdown and blamed white supremacists.

White House fact-sheet says part of the mammoth $33 billion spending package it's requesting for Ukraine will be to "support independent media." Because nothing screams "independent" like being directly funded by the US Government as part of its "information warfare" initiative

WH.GOV

The Administration is calling on Congress to provide an additional $8.5 billion in economic assistance to help the Government of Ukraine respond to the immediate crisis and continue to provide basic citizen services. This includes funds to:

- **Ensure Ukraine's democratic government continues functioning;** support food, energy, and health care services for the Ukrainian people; and assist the Ukrainian government in responding to operational challenges as businesses shutter and revenue collection plummets.
- **Counter Russian disinformation and propaganda narratives**, promote accountability for Russian human rights violation, and support activists, journalists, and independent media to defend freedom of expression.
- **Support small- and medium- sized agrobusinesses during the fall harvest and for natural gas purchases** by the Ukrainian state energy company in order to address critical food security, energy, and other emerging needs in Ukraine.

Social media censorship has never been about ending 'harassment', 'slander', 'abuse' and mob dogpiling, it's always been about ensuring they have a monopoly on it.

3 hallmarks of ignorance in free speech debates:

1) Claiming that blocking someone on Twitter is inconsistent with free speech advocacy.

2) Conflating controls on what *adults* can say and hear with debates over what *schoolchildren* are taught.

3) "Fire in a crowded theater."

LOL. How does one become an "expert on online disinformation"? Is there some licensing agency or special school one goes to in order to acquire this expertise?

What a great coincidence for the WH that this world-renowned expert happens to be a #Resistance #StillWithHer fanatic.

When the people finally revolt in China it's going to be a bloodbath

These people have been treated like cattle, numbers, objects for abuse and exploitation for decades

Human beings need to feel free to live
Treating them like this will only lead to an uprising

Human tendency to conform, especially when in large groups, is terrifying. Propaganda machines leverage this throughout human history.

The way out is to think freely, detached from the divisive narratives of the day that masquerade as universal truths.

This often feels lonely.

AP accompanies Zelensky's SBU thugs as they kidnap Ukrainians who speak out against the regime. This is an obvious propaganda piece designed to normalize crushing dissent. Imagine how they act when cameras aren't on.

Contrary to the AP's portrayal, the SBU tortures and murders its victims in an underground prison. I obtained testimony from 2 survivors, 1 of whom said he had burning hot needles stuck under his fingernails and a gun held to his head during interrogation

> My article details how CIA-trained SBU agents oversaw ultra-nationalist civilians torture prisoners with the Ukrainian national anthem playing, and forced them to denounce Putin on camera. "It was like a small Guantanamo," a survivor told me. mintpressnews.com/volodymyr-zele
> Show this thread

Inside the makeshift prison, Igor says he identified 25 to 30 distinct voices of imprisoned men, and saw 10 to 12 men in Russian military uniforms, what he believes were prisoners of war. Two of the Russians were severely beaten in order to motivate the others to give on-camera testimony about their hate for Putin and opposition to the war.

Other detainees were religious people known for assembling at military installations to pray for peace and homeless people who had no way to abide by the evening curfew and were swept up by nighttime patrols.

While many of those inside the complex were kept for a couple of hours and released, others were severely beaten. "It was like a small Guantanamo," Igor recalled.

Igor says that he was interrogated three times, with each session lasting between 15 and 30 minutes. The beatings were carried out by Territorial Defense volunteers while SBU officers instructed them on how to torture and asked him questions.

"They used a lighter to heat up a needle, then put it under my fingernails," he told me. "The worst was when they put a plastic bag over my head and suffocated me and when they held the muzzle of a Kalashnikov rifle to my head and forced me to answer their questions.

But he says the suffering he endured was minor in comparison to the torture of the Russian prisoners of war, who were beaten with metal pipes while the Ukrainian national anthem played on repeat in the background. "I could hear it because all the torture was done in a nearby room. It was psychologically severe. This was done at night, the sounds of beatings were constant. It was difficult to sleep."

Listening to conversations of other prisoners, Igor understood that two prisoners from Belarus were beaten to death, identifying one as a man named Sergey.

Primary reason women support abortion is because they've had one and feel guilty about it.

Primary reason men support abortion is so they can run around having promiscuous sex with zero consequences.

And I absolutely guarantee you the leaker spent years railing against President Trump's undermining of norms.

Plan C really needs to be scrapping the whole lot and just getting on with as normal a life as possible. Treat Covid like the flu or cold it is and just get on with it. If you want a jab or mask or test then no problem just don't expect anyone else to "keep you safe"

You know cases will rise and they will use it as an excuse to say plan b didn't work so they'll do plan c. What I don't understand is why they are doing this? He seemed so reluctant at the start and now he'll find any excuse to have restrictions

Seth Rogen's new show Santa Inc. portrays Father Christmas as a bigoted, cynical fraud who weaponizes his white privilege to uphold the patriarchy.

When the show received dreadful reviews, Rogen had a meltdown and blamed white supremacists.

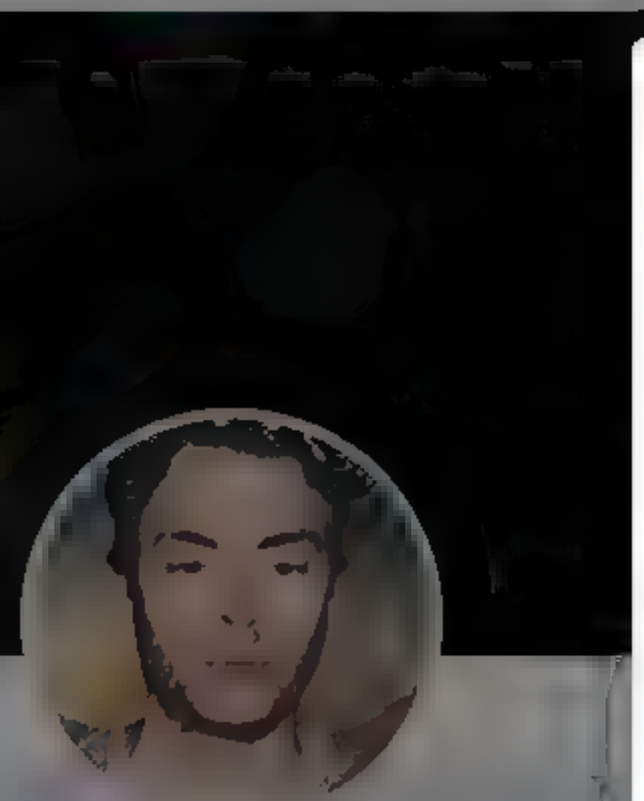
Plan C is just an intimidation tactic to make you accept Plan B.

F off.

I'm not cancelling my Christmas, and I'm not listening to a government that breaks its own rules, lies about it, and laughs in our faces.



Enough is enough.

I love how Roe v Wade pro-abortion advocates keep talking about how "Roe has stood for 50 years," as though that made the decision sacrosanct.

As I recall, Plessy v Ferguson lasted 58 years.

Having social justice continually rammed down your throat via entertainment is boring and unwatchable. Imagine my shock. #Oscars

> The question remains, will exposure to these themes on movie screens push viewers to reevaluate their political views? Gabrie Rossman, a UCLA sociologist who has written about film, doesn t think so.
>
> He points out that many of the best picture nominees haven t made much of a dent at the box office Take "Moonlight" for example, despite winning a string of awards, it has collected a modest $21 million in domestic ticket sales

Seth Rogen's new show Santa Inc. portrays Father Christmas as a bigoted, cynical fraud who weaponizes his white privilege to uphold the patriarchy.

When the show received dreadful reviews, Rogen had a meltdown and blamed white supremacists.

Important to understand the asymmetry of this political and cultural conflict

The logic here is that the left will pay a cost for consolidating government power because at some point they have to hand the machinery back over to their political opponents but this is wrong /1

Primary reason women support abortion is because they've had one and feel guilty about it.

Primary reason men support abortion is so they can run around having promiscuous sex with zero consequences.

How can both parties agree to send $40 billion to a foreign nation during an inflation crisis while people can't buy baby formula?

Easy, we're in the looting the treasury phase of imperial collapse

Everyone knows you can't put it back together so just take everything you can

It is now clear as day that the restrictions didn't alter the Covid data.
You didn't have to be a scientist,professor or expert to see this at the time.

The vast majority of restrictions & especially the Hospitality ones,were obviously nonsense & wrong.

We've been proven right.

SMOKING GUN: Whistleblowers reveal the FBI has labeled dozens of investigations into parents with a threat tag created by the FBI's Counterterrorism Division

ONE HUNDRED SEVENTEENTH CONGRESS

Congress of the United States
House of Representatives
COMMITTEE ON THE JUDICIARY
2138 Rayburn House Office Building
Washington, DC 20515–6216
202-225-3951
judiciary.house.gov

May 11, 2022

The Honorable Merrick B. Garland
Attorney General
Department of Justice
950 Pennsylvania Avenue, N.W.
Washington, DC 20535

Dear Attorney General Garland:

In sworn testimony before this Committee, you denied that the Department of Justice or its components were using counterterrorism statutes and resources to target parents at school board meetings. We now have evidence that contrary to your testimony, the Federal Bureau of Investigation has labeled at least dozens of investigations into parents with a threat tag created by the FBI's Counterterrorism Division to assess and track investigations related to school boards. These cases include investigations into parents upset about mask mandates and state elected officials who publicly voiced opposition to vaccine mandates. These investigations into concerned parents are the direct result of and would not have occurred but for your directive to federal law enforcement to target these categories of people.

On October 4, 2021, in response to a request from the National School Boards Association that the federal government use counterterrorism tools, including the Patriot Act, to target parents at school board meetings, you issued a memorandum directing the FBI to address these threats. The press release accompanying your memorandum highlighted the FBI's National Threat Operations Center to serve as a "one-stop shop" for tips about parents at school board meetings. By October 20, the FBI had operationalized your directive. In an FBI-wide email, the FBI's Counterterrorism Division and Criminal Division announced the creation of a new "threat tag: EDUOFFICIALS," and directed all FBI personnel to apply it to "school board-related threats."[4]

Oversight of the United States Department of Justice: Hearing Before the H. Comm. on the Judiciary, 117th Cong. (2021) (testimony from Hon. Merrick Garland, Atty. Gen., U.S. Dep't. of Justice).
Memorandum from Att'y Gen. Merrick Garland, U.S. Dep't. of Justice, Partnership Among Federal, State, Local, Tribal, And Territorial Law Enforcement to Address Threats Against School Administrators, Board Members, Teachers, and Staff (Oct. 4, 2021).
Press Release, U.S. Dep't. of Justice, Justice Department Addresses Violent Threats Against School Officials and Teachers (Oct. 4, 2021).
[4] Email from Carlton Peeples, Deputy Assistant Director, Criminal Investigative Div., Fed. Bureau of Investigation.

she belonged to a "right wing mom's group" known as "Moms for Liberty" and because she "is a gun owner." When an FBI agent interviewed the mom, she told the agent that she was upset about the school board's mask mandates and that her statement was a warning that her organization would seek to replace the school board with new members through the electoral process.

- The FBI's [redacted] Field Office opened an investigation, subsequent to your directive, into a dad opposed to mask mandates. The complaint came in through the National Threat Operations Center's tip line and alleged that the dad "fit the profile of an insurrectionist" because he "rails against the government," "believes all conspiracy theories," and "has a lot of guns and threatens to use them." When an FBI agent interviewed the complainant, the complainant admitted they had "no specific information or observations of . . . any crimes or threats," but they contacted the FBI after learning the Justice Department had a website "to submit tips to the FBI in regards to any concerning behavior directed toward school boards."

- In another case initiated after your directive, the FBI's [redacted] Field Office opened an investigation into Republican state elected officials over allegations from a state Democratic party official that the Republicans "incited violence" by expressing public displeasure with school districts' vaccine mandates. This complaint also came into the FBI through the National Threat Operations Center which includes voicing their strong opposition to controversial curricula at local schools. This whistleblower information raises serious concerns that your October 4 memorandum will chill protected First Amendment activity as parents will rightfully fear that their passionate advocacy for their children could result in a visit from federal law enforcement. You have refused to rescind your October 4 memorandum and its anti-parent directives. In light of this new whistleblower information, we again call on you to rescind your October 4 memorandum.

Committee Republicans have been investigating the Biden Administration's misuse of law enforcement resources to target concerned parents since last fall. You have failed to substantively respond to our requests for documents and your sworn testimony to the Committee is now contradicted by whistleblower information. Please be assured that Committee Republicans will not let this matter drop. Accordingly, we request the following information:

1. Produce all documents and materials identified in our letters to Departmental components dated November [redacted], 2021, November 2, 2021, November 3, 202[redacted], and November 18, 2021, immediately; and

2. Take all reasonable steps immediately to preserve all records responsive to our letters to Department components.

In addition, we remind you that whistleblower disclosures to Congress are protected by law and that we will not tolerate any effort to retaliate against whistleblowers for their disclosures.

God forbid anyone should be provocative or have fun on the Internet.

BAN IT.

What happens when you're offended?

NOTHING.

Literally nothing.

Yes, Be Worried: Marine Le Pen Could Finally Come to Power in France

Emmanuel Macron leads the presidential race by about as much as "Remain" led in the UK and Hilary Clinton led in the United States in 2016.

Good morning. Stephen Paddock wired $100,000 to his girlfriend in the Philippines one week before the Las Vegas shooting and had multiple emails talking about selling guns. Have a nice day

The Official Emails

"centralpark@live.com] sent an email to centralpark48@gmail.com which read, in part, "Hey, we have a large selection stored in the Las Vegas area. Later the day, another email was received back from centralpark48@gmail.com to [centralpark@live.com] stating, "We have a wide variety of guns and ammunition to try." Another email from [centralpark@live.com] sent an email to centralpark48@gmail.com that read, "Hey, I'm trying to get a hold of you. Are you still going to bring the guns?" Investigators believe these communications may have been related to the eventual attack that occurred at the Mandalay Bay in Las Vegas."

Of course the media does not care about white victims or black victims. None of us, ever.
All they care about is power.

So today they are thinking: "how can we use dead black people to attack Tucker Carlson?"

Delusional filth. That is what our mainstream media has become.

Poland is building such a wall to prevent ILLEGAL migration (e.g. those coerced by the Belarussian regime). At the same time Poland accepted over 3 million LEGAL refugees (mostly Ukrainian women and children). There's a major distinction between the two.

All race politics is bad, no matter what flavor it is. It's poison. It subsumes the individual into the group. It dehumanizes people. It elevates appearance over initiative and decency, and all the other God-given qualities that make people unique yet morally equal to each other.

Regime media uniformly tried to spin the mass surrender of hundreds of Azov fighters & other soldiers holed up in Mariupol's Azovstal plant as anything but a surrender.

Instead, they insisted it was an "evacuation," an end to "combat missions," etc.

Wild how Bill Gates got divorced from his wife because of his ties to an international sex trafficking ring and everyone just breezed past that to hear his thoughts on diseases and hunger.

In sum, a free press exists to unmask and punish private citizens with the wrong politics ("shoe-ace reporting"), not to investigate and scrutinize the beliefs, conduct and claims of powerful government officials ("harassment" and bullying).

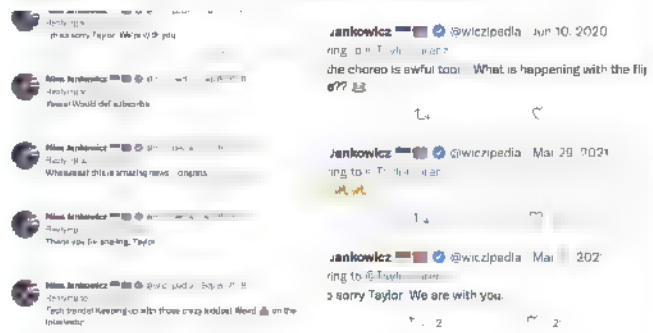
Glenn Greenwald @ggreenwald · 2h
Without having the US Government's Department of Home and Security have a Disinformation Board run by Nina Jankowicz to decree truth and falsity: how will we know what we should believe and not believe? How can a democracy function without DHS telling us what is true and false?



47 177 1.2K

Glenn Greenwald @ggreenwald · 2h
Also seems odd that WPost allowed @TaylorLorenz (who, credit where due, broke the story of the DHS "pause") to write an entire article arguing Nina Jankowicz should be off limits from criticism, without mentioning Jankowicz argued the same about Lorenz:

> **Nina Jankowicz** @wiczipedia
> Disgusting, Glenn Greenwald's attack on @TaylorLorenz fueled a Tucker Carlson monologue last night.
>
> Online harassment against women is real, it's insidious, and it has

45 255 1.4K

Glenn Greenwald @ggreenwald · 2h
Indeed. Jankowicz has a very long history of defending Lorenz and expressing solidarity for the trauma Lorenz suffers when her work is criticized. That's almost certainly where Lorenz got her version of events and seems like it should be disclosed when Lorenz defends Jankowicz.

In the name of sweet baby Jesus, can we please make this stop!

In his rainbow helmet, is this Britain's wokest cop?

By Andrew Levy

A POLICE force was accused of putting its woke agenda ahead of crime prevention yesterday after tweeting photos of a senior officer in a rainbow helmet.

Superintendent James Sutherland was wearing the 'ever so colourful' headgear on patrol in Cambridge. Critics hit out at the stunt, with comments including 'where has the neutrality gone?' and 'how about tackling crime instead of virtue signalling?'

Another said: 'A woke photo opportunity. The public would just like the police to "police".'

And a former Met officer wrote: 'We were not allowed to wear personal pin badges... How are police now allowed to promote some groups above others?'

Cambridgeshire Police uploaded the photo on Monday to coincide with the International Day Against Homophobia, Transphobia and Biphobia. Supt Sutherland was also pictured wearing the helmet in August 2020 during an Ely Pride event.

Cambridgeshire Police said it is 'committed to being inclusive' and claimed the helmet, made by local students, 'has no political message'.

Supt James Sutherland

trousers were also commonly used by officers.

One female sergeant recalled how a transgender male officer who left the force to escape a gross misconduct hearing received sympathy from colleagues.

'They were saying, "Oh, he was so close to retirement, he could have had his pension and gone in a couple of years". The empathy seemed to immediately be on the offender

Police Federation's national women's group said misogyny was widespread. 'If anybody says it doesn't happen in my force, you're wrong, because it does happen in every single force.'

The revelations come after a succession of high-profile cases that put police behaviour towards women into the spotlight. Sarah Everard was murdered by Met officer Wayne Couzens and officers at Charing

It looks as if Scott Morrison will be punished by the Australian electorate for his lockdown zealotry over the past two years. Jacinda Arden will suffer the same fate next year. Good to see the public finally waking up to the fact that the lockdowns caused more harm than good.

Editor's Note: *An earlier version of this story incorrectly said that Russian hackers had penetrated the U.S. electric grid. Authorities say there is no indication of that so far. The computer at Burlington Electric that was hacked was not attached to the grid.*

I know this is pie in the sky, but if the media stopped immediately reporting the full names of mass shooters within an hour, such tragedies would dwindle.

Most of these losers just want posthumous infamy, and you all gleefully hand it to them on a fucking plate.

After Sandy Hook it was shown how to armor up schools. No one could find the budget for this. $40,000,000,000 for the war machine was printed out in a day. Just the world we live in. Sad. But solutions are there. The government doesn't care.

Start with a boy. Take away his father. Sit him in front of a screen all day. Feed him porn. Feed him an endless stream of content. Give him no moral formation. No guidance. No companionship. Give him drugs. Isolate him.

That's how you make a school shooter. Rinse and repeat.

It wasn't. Their actual budget is about $25,000,000. They spend about $4,000,000 on law enforcement. The general fund isn't the entire budget.

I can guarentee it wasn't fear. If anything it was red tape and leadership making a call the others had to fall in line for. I'll wait for the facts. But if I was one of those parents, I would have tried to storm the building, as so many did that day

It was still fear and cowardice though. There are times when disobedience saves lives.

Let me get this straight:

-The police engaged the shooter BEFORE he went into the school

-The police stayed outside while children and their teachers were being murdered

-Police actively STOPPED people who were willing to intervene

-Police waited 40 minutes to enter!!

Watched the press conference. Police official says the shooter was outside the school shooting randomly for 12 minutes. Walks in school. Police follow four minutes later. They "receive fire," retreat, and wait AN HOUR for backup while children are slaughtered. Utterly damning.

One fact that clearly emerged from the trial: the Amber Heard op-ed in the @washingtonpost that the jury just found defamed Johnny Depp was ghost-written by @ACLU, after Heard promised to pay them $7 million (a promise she never fulfilled).

They have a lot to answer for.

BREAKING: Johnny Depp releases statement, blasts media cancel culture, says we need to return to standard of Innocent Before Proven Guilty

1/2

Six years ago, my wife, the wife of my children, the other of those closest to me, ... wife, ... one of the people who for many, many years have cherished and believed in me have forever changed.

All in the blink of an eye.

False, very serious and criminal allegations have swirled around me via the media, which transformed me overnight into a universally hated villain, although no charges were ever brought against me, I had already traveled around the world twice with a recognizable face and it had a seismic impact on my life and my career.

[illegible] the jury gave me my life back, a not guilty verdict.

My hope in so doing was that I would be facing very real [illegible] the ugly monster, mysterious & veiled & side of [illegible] has only grown more powerful with time.

From the very beginning, the goal of [illegible], this was to reveal the truth, regardless of the outcome, knowing the truth had always & that a good jury of [illegible] would be all it would take.

[illegible] Depp's lawyers, myself and the Sheriff's office have [illegible] time to get to this point, and it is my [illegible] unwavering legal team that did an extraordinary job in helping me to obtain the truth.

The hell is yet to come and a new chapter has finally begun.

Veritas aequanos parit.

Truth never vanishes.

Over 1 million migrants who were not born in Sweden will be eligible to vote in the country's national elections later this year out of a total population of 10.3 million.

hi @DavidLammy, you're alert to the evils of empire, you said recently "Putinism is imperialism", but you do realise that at #Bilderberg you're in the heart of the western imperial elite? You're hobnobbing in the war room of the Anglo-Dutch-American empire. That ok with you?

France is taking the piss by allowing these migrants, potentially 100,000 by the end of the year, to reach England.

They're facilitating it. Any serious government would hit them with sanctions or boots on the ground. Enough is enough.

The mainstream media's reluctance / inability to report on #Bilderberg is just astonishing. There are literally more journalists inside, talking in private to the heads of NATO, the CIA, GCHQ, the US National Security Council, BP, Shell, etc. etc. etc. than there are outside.

If there's one thing you read today it should be this. Heartbreaking.

u/grublove · 5h · detrans female

I miss my breasts so much

I'm sitting in bed crying because I just miss my breasts so much. I got top surgery when I was 18, I'm 27 now. Even if I get implants they won't actually be mine. I want mine back. Not only were they mine, but they were great looking. I will never have them back. Never. I never ever thought that this would happen to me, I was always 10000000% sure I made the right decision. But the past couple years I've finally realised and it's so fucking hard to comprehend this and accept it. I'm going through a mourning period right now over my old body. I miss it so so much. I look at girls nowadays, any girl at all and I'm completely jealous. At least they still have their natural body. I feel like an imposter, like I can't even claim that I'm actually a girl even though I am. My voice is fucked, I have no boobs, I'm constantly worried about passing as a female even though I fucking am one. I feel so much regret and it's eating me

What was strange about the Queen's Jubilee, is that it didn't really feel like a celebration of Britain.

More like a wake for a Britain that used to exist, but is no longer with us.

I fucking hate being trans

I hate being a stupid trans. I'm so fucking tired of coping, I have finally achieved my limit, transition has been a complete failure, the trans community lied to me, I will never fucking pass. I don't want to continue lying saying that women are "cisgender" or "AFAB", they are simply women, real women, something I will never be, they never use these words without real meaning, they are too occupied feeling happiness because they know that their bodies are perfectly fine, we are the only ones that drug their healthy bodies to be our "true" selves. They lied to me about HRT, it caused me a fucking blood clot, and I don't look like a woman at all. And don't let me get started about SRS, it's an inverted penis, that looks like an inverted penis, not like a vagina, smells like poop, and has to be dilated 3 times all days, in ultra painful dilation. A "weird" bacteria got inside during the operation, it caused me problems in the the heart and I needed an open heart operation, it wasn't only me, other person in the transgender surgeries subreddit had a similar problem. I'm writing this because i'm going to detransition, the thing I should have done since the very beginning, if that fails too I will 52 and I want that if some people feel like they could be transgender, that they should learn to feel good with their bodies, because if not, they will end like me. I know that the moderators are going to delete this post because of "transphobia" and because of the discrimination against detransitioners, but in the few hours before it gets deleted somebody will read this and avoid a painful transition, I'm also deleting my account right now because I don't want to be harassed.

A brief and not particularly hyperbolic primer on the devolution of self professed leftist groups.

PRE-2016	POST-2016
"Peace and love man, no wars for oil!"	"Russians? YEAH KILLEM!"
"Bush did 9-11 man! Watch Zeitgeist!"	"We need to cancel conspiracy theorists to stop extremism. Hail Amy Klobuchar."
"Corporations are evil"	"Mitt Romney had a point..."
"Yeah fuck the man, man!"	"We really need more laws and taxes to solve our issues."
"Fuck the FCC if you're offended turn it off."	"This new band is really problematic."
"Fuck censorship, Zuckerberg can suck it, Imma post mutilated bodies"	"It's so nice that the tech firms are cracking down on people I dislike"

The price of gas has risen 26% in the past year, thanks to Trump's bumblin' foreign policies and allegiance to Putin.

And thats something that will never come back and one of the reason why I got surgery

My sex drive died about 6 months on HRT and at the time I was glad to be rid of it, but now 10 years later I'm realising what I'm missing out on and what I won't get back

13 507 5,231

TullipR @TullipR Jun 13
Because even if I had a sex drive, my neo vagina is so narrow and small, I wouldn't even be able to have sex if I wanted too.

And when I do use a small dilator, I have random pockets of sensation that only seem to pick up pain, rather than pleasure

16 462 4,794

TullipR @TullipR Jun 13
Any pleasure I do get comes from the Prostate that was moved forward and wrapped in glands from the penis, meaning anal sex isnt possible and can risk further damage

14 398 4,339

TullipR @TullipR Jun 13
Then theres the dreams. I dream often, that I have both sets of genitals, in the dream I'm distressed I have both - why both I think? - tell myself to wake up because I know its just a dream

And I awaken into a living nightmare

7 409 4,771

TullipR @TullipR Jun 13
In those moments of amnesia as I would wake, I would reach down to my crotch area expecting something that was there for 3 decades, and it's not.

My heart skips a beat, every single damn time

18 486 4,615

TullipR @TullipR Jun 13
Then theres the act of going to the toilet. It takes me about 10 minutes to empty my bladder, it's extremely slow, painful and because it dribbles no matter how much I relax, it will then just go all over that entire area, leaving me soaken

8 442 4,554

TullipR @TullipR Jun 13
So after cleaning myself up, I will find moments later that my underwear is wet - no matter how much I wiped, it slowly drips out for the best part of an hour

I never knew at 35 I ran the risk of smelling like piss everywhere I went.

28 425 4,740

TullipR @TullipR Jun 13
Now I get to the point where I'm detransitioned and the realisation that this is permanent is catching up with me

During transition, I was obsessive and deeply unwell, I cannot believe they were allowed to do this to me, even after all the red flags

40 979 6,997

TullipR @TullipR Jun 13
I wasn't even asked if I wanted to freeze sperm or want kids. In my obsessive, deeply unwell state they just nodded along and didnt tell me the realities, what life would be like

48 649 6,077

TullipR @TullipR Jun 13
And finally, theres dilation, which is like some sort of demonic ceremony where you impale yourself for 20 agonising minutes to remind you of your own stupidity

2 473 4,994

TullipR @TullipR Jun 13
This isn't even the half of it. And this isn't regret either, this is grief and anger

Fuck everyone who let this happen

"let them eat dirt"

these old sayings have meanings

sterilisation, mask wearing, lack of human contact = severely weakened immune systems

all to avoid a virus that 99.9% of kids would shake off in a day or two

Where plenty of other experts believe it's damaged immune systems through persistent Covid reinfections, of course

Have these same "experts" ruled out that C19 itself isn't the thing that has weakened their immune systems?

Bear in mind 90%+ of those <12 have been infected with C19 in the last 2yrs, 60% of them in Q3&4 of 2021, owing to them having no access to a vaccine

300 more arrived today via boat, many on their way to taxpayer-funded hotels.

Yet they can lock us all down overnight with no legal hurdles whatsoever.

Absolute insanity.

Conservatives should start using the phrase "trans stripper" in lieu of "drag queen." It has a more lurid set of connotations and shifts the debate to sexualization.

"Drag queens in schools" invites a debate; "trans strippers in schools" anchors an unstoppable argument.

Let the Left try to nitpick the phrase; we can say that "trans" is a stand-in for "transvestite" and we can show videos that are undeniably strip shows

28 127 842

Christopher F. Rufo @realchrisrufo · 2h
The "blackface for women" argument is the wrong approach because (1) it adopts the frame of the Left, which traps conservatives in their identity games; (2) totally misses the main problem, which is the grotesque sexualization of children (not co-optation of the feminine).

Sewage detection

Over the past four months, the UKHSA has found the polio virus in samples collected from the Beckton sewage works, which serves a population of four million in north and east London.

Scientists believe the virus originated from someone who was immunised abroad with the live oral polio vaccine, which hasn't been used in the UK since 2004.

That person then shed traces of the virus from their gut which were detected by the sewage sampling.

In rare cases, that form of the virus can then be transmitted to others and mutate into what is known as "vaccine-derived" polio.

Hi @elonmusk. Twitter has labelled a well-researched, evidence-based piece by Dr Will Jones on @LD_Sceptics about a new paper on ivermectin "misleading" and made it impossible to share. Twitter should not be censoring content like this, particularly with no right of appeal.

The Daily Sceptic @LD_Sceptics · 3h

A new study on cheap, repurposed Covid treatment ivermectin has concluded that its findings "do not support the use of ivermectin" to treat COVID-19. However, this conclusion is at odds with its findings.

That's silly. You should let them all in. Then, when poverty becomes so ingrained that people no longer want to arrive, all you need to do is re-open the borders in the opposite direction. That way, even the US lower class will leave and only the rich will be left.

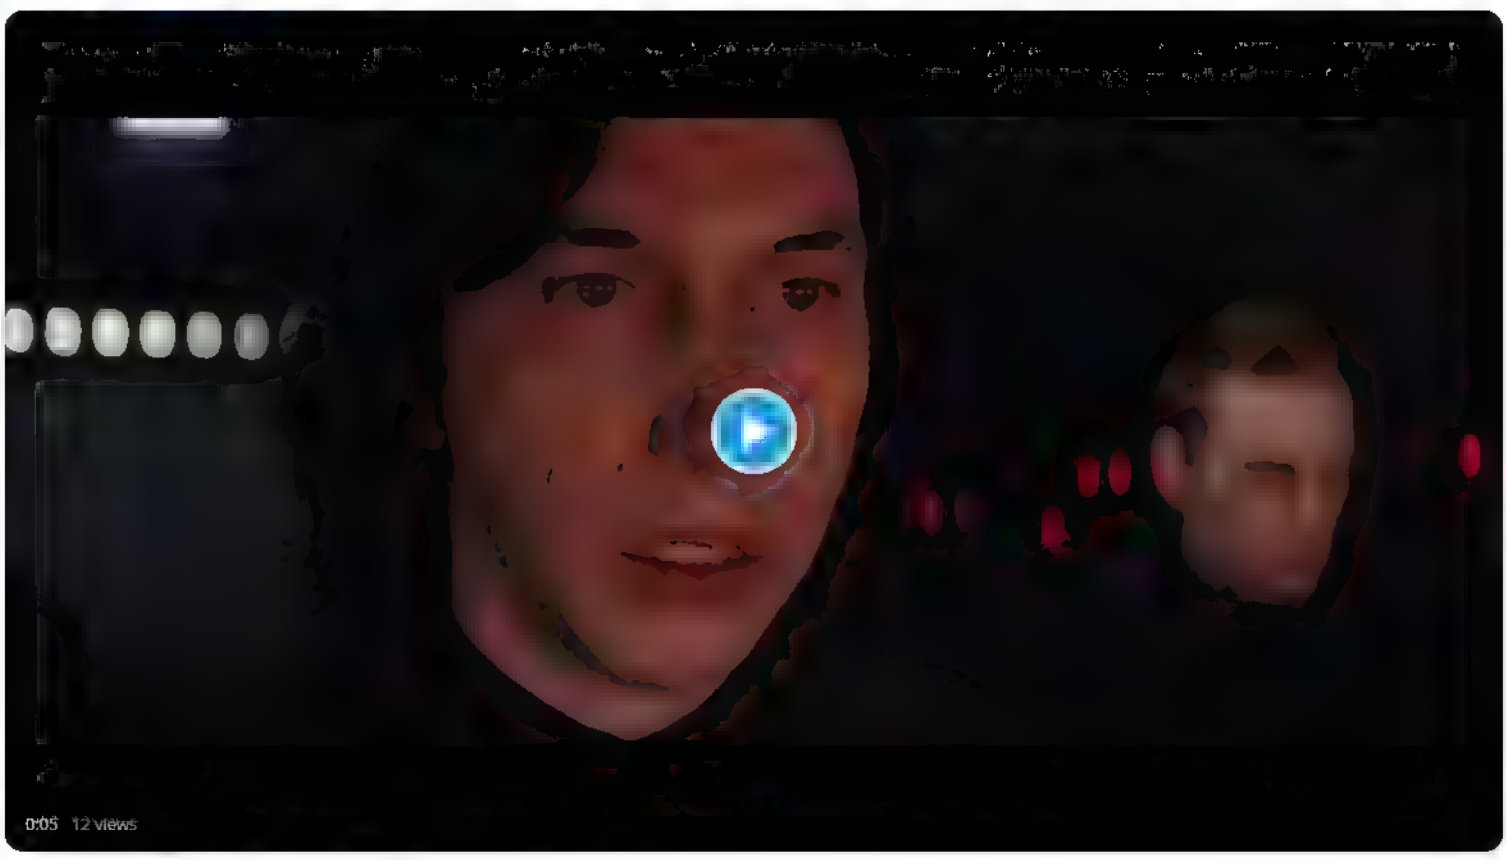
Seeing a lot of non-political YouTube vloggers talking about New York becoming more like San Francisco.



Open air drug use, irate mentally unstable people shouting on the streets. More homelessness than before the pandemic.

Seems to be heading firmly in the same direction.

When we use weather to deny human induced climate change, they say it's unscientific

But when we have a record heat wave or catastrophic one time weather event they say it's evidence of global warming

They can't even make up their minds

'Political correctness is just being nice'.

Meanwhile, the Manchester Arena bomber literally went unimpeded because people feared being called "racist" if they reported his suspicious behaviour.

He was NOT forced to eat pizza on the sidewalk.
He always does that, including eating hotdogs and "coxinhas"
He went to a wonderful steakhouse to have barbecue inside, while there

On his visit to NY for the UN General Assembly, when the "pizza incident" occurred, his whole entourage (fully vaccinated) tested positive for covid and had to go on quarantine. He was the only one unvaxxed and the only one who tested negative and could fly home

Paul Joseph Watson
@Pr sonP anet

The CEO of Pfizer, the head of the CIA, the Director of the NSC, the VP of Facebook, the King of Holland and the Secretary General of NATO are all secretly meeting right now behind closed doors in DC.

It's called Bilderberg, & not a single major media outlet has reported on it.

Reminder that whoever replaces Boris, immigration will remain above 1 million per year, anti-White discrimination will still be legal because of the Equality Act and you can still go to jail for right-wing opinions because of laws the Conservatives support.

Gloucestershire opens homes to more than 700 Ukrainians

1 day ago

Russia-Ukraine war

Ukrainian-born refugee Excel was working in Ukraine when Russia invaded

More than 700 Ukrainians have been given a place to stay in Gloucestershire under the Homes for Ukraine scheme.

The government initiative allows UK residents to sponsor named Ukrainian nationals, with more than 1,000 applications received in the county.

Excel fled Ukraine when Russia invaded and said the Gloucestershire community has been "really helpful".

Basically, if you're a man who wears a mask, you're broadcasting the fact that you have been fucked in the ass by your girlfriend. And that is not something to be proud of.

One of the hottest days in the UK so far this year and just seen a person wearing a full face mask outside (all mask rules were abolished nearly 6 months ago).

Like Japanese holdouts still fighting the war years later.
